23332 Peralta Dr. #2 Laguna Hills California
footcomfort.com 949-637-5745

How to Order

1. Fill out the order form (available on website) as completely as possible. Please print name clearly so the correct spelling of their name will be used.
2. Insert cast and order form in a box and seal with tape
3. Choose a method of shipping. The price of orthotics does not include the cost of shipping. The laboratory prefers United States Postal Service as a courier.

When choosing shipping method please consider how far you are from the laboratory. Shipping times from your location to the laboratory are:

- Ground service - 2 days west of the Rocky Mountains
- 3 or 4 days east of the Rocky Mountains
- Second Day Air - 2 days from anywhere
- Express overnight - 1 day from anywhere

Use your own shipping account to avoid shipping charges from the laboratory.

Cost savings will occur if you bundle orders.

The laboratory bundles return shipping when possible with a single shipping charge for the bundle.

Try the UNITED STATES POSTAL SERVICE “click and ship”.
Regular First Class Mail or Priority Mail is cost effective.
